

Respecting Choices®

ADVANCE CARE PLANNING

On **September 7-10, 2016**, Respecting Choices will host its first *National Share the Experience* in Milwaukee, WI. We invite anyone who is interested in learning how quality advance care planning can help improve the care of patients and those they call family to attend.

Bud Hammes, PhD
Director, Respecting Choices

Conference objectives

- Define three ACP redesigned systems that promote improved person-centered care.
- Identify two strategies to overcome the challenges in creating ACP systems that transform person-centered care.
- Describe current research findings to assist with redesign of ACP systems to improve person-centered care.

Top reasons to attend

- Rare opportunity to learn from national and international leaders in advance care planning
- Educational options from a variety of workshops and breakout sessions such as
- Explore new resources and services to implement ACP in your setting
- Learn the latest research of the Respecting Choices evidence-based approach to advance care planning
- Network with ACP professionals in formal and informal setting
- Earn continuing education credits in a variety of disciplines
- Community implementation
- Healthcare implementation
- EHR redesign
- Medicare reimbursement
- Pediatric disease-specific ACP
- And more yet to be announced

Several Minnesotans will be featured presenters ...

- *Karen Peterson of Honoring Choices Minnesota*
- *Maureen Tyra of North Memorial Health*
- *Jonathan Sande of Essentia Health*
- *Sandee Carlson of Essentia Health*
- *Patty Bresser of St. Cloud State University*
